A UNIQUE APPROACH TO LEADERSHIP

Leadership training requires a rigorous combination of academic theory and learning by doing. At the HEC Paris MBA, we teach you the theories behind leadership, then provide the ideal environment to put those theories to the test.

A series of hands-on opportunities, such as the off-campus, two-day leadership seminar at Saint Cyr and the student-run, multisport MBA Tournament (MBAT), develop your confidence to lead in all circumstances, and teach you how to motivate others to work toward a common goal. These and other leadership opportunities prepare you to go further than you ever thought possible.
